

Where do I begin..

We decided to do a complete remodel of our 8500+ sq. foot home in Bel Air. After countless bids from potential contractors we decided to partner with Roy Abbott. It was the best decision we made.

As most people we were on a very strict budget. Roy and his team allowed us to achieve the look of perfection and immaculate detail even with budget in mind. If you work with Roy, you can be assured he will provide you with only the best sub-contractors Los Angeles has to offer at the best prices. I did my research and brought in subs of my own and not one could come close to their pricing. His mission in life is to make the client happy and will immediately attend to your needs the same day, or even the same hour.

Getting permits is everyone's worst nightmare. Be assured RT Abbott will get them to keep your project moving along.

He also connects you with the best project managers who will manage your project as if it were their own. Mine in particular always did his very best to get me the best pricing and made sure the quality of work exceeded my expectation.

Most importantly the goal of RT Abbott is the happiness of their client and they will achieve that goal no matter what even after the project is completed.

Feel free to contact us with any questions or if you ever want to take a tour of our home. We would be more than happy to do so. Roy will connect us if needed.

Sincerely,

Happy homeowners:

Mira and Brian Lee
