

My wife and I have used RT Abbott Construction on two different jobs in the last four years. The first was a small job that lasted six weeks, the second a major remodel of our entire house that lasted six months. In both cases, the house was finished on time and on budget, with a level of detail and professionalism that was truly amazing.

Even during the larger remodel, the construction site was spotless and the entire army of workers seemed to be working together with a common goal. Everyone who works for Roy Abbott, from the foreman to the clean up crews, seems to have the best interest of the house and job in mind at all times. And when complications do come up that need to be addressed, these issues are communicated quickly and handled without incident. RT Abbott construction essentially re-built our entire second story -- and the job was finished almost to the day of when Roy said it would be done.

This can only happen if the leadership of the company is completely involved and dedicated from day one, and has the knowledge and experience to do it right. My wife and I are truly indebted to RT Abbott -- and look forward to working with them in the future.

Sincerely

Jeff and Audra Nathanson
