

Dear Roy:

I just wanted to send to you a quick note to tell you how pleased we are with the “small” 3500 square foot addition you finished a few months ago. Everyone who has seen it cannot believe that it was not part of the original house and absolutely loves all the finishes. The wood work in the Game Room is especially impressive.

The subs were all courteous and professional, our Project Manager Mike was easy to work with and open minded in his approach to any and all questions that arose during the 8 months of the project. The addition was finished timely and with minimum stress and disruption. Your office made sure the paperwork was timely and compete, and, as a result, I did not encounter any unexpected charges.

Lastly, and very important, I found you to be responsive and honest throughout the entire process and would highly recommend you to anyone I know who might have need for a top notch contractor.

Good luck and best wishes.

Sincerely,
Paige
